KD-Kingdom Cure Gloss **VOC Compliant Cure & Seal-OTC**

DESCRIPTION:

KD-Kingdom Cure Gloss is a solvent based acrylic copolymer used as a curing and sealing compound as well as a dust proofer for concrete. This product forms a tough moisture retentive film on freshly placed concrete.

USES:

Curing and sealing compound for commercial and industrial applications such as floors, parking decks, driveways and sidewalks.

A sealer for concrete slabs, aggregate, and dust proofing that forms a durable transparent high gloss protective coating.

APPLICATION:

Apply as a cure & seal as soon as the surface water has dissipated on fresh placed concrete after the surface has been finished. As a sealer and dust proofer, 2 coats are suggested. An airless sprayer or short nap roller can be used to apply a uniform coating. Clean up with Solvent cleaners.

Avoid spraying in windy conditions as overspray may contaminate surrounding objects or landscape.

PRECAUTIONS:

Keep out of reach of children.

Wear protective clothing, gloves and safety glasses when applying. Avoid inhalation of vapors for prolonged periods of time.

Read MSDS for additional first aid information

PACKAGING:

Kingdom Cure Gloss is available in 55- gallon drums and 5-gallon pails

TECHNICAL DATA:

Solids..... 22%
Finish..... Medium to High Gloss
Coverage.....200-400 sq ft/Gallon
Drying Time (to touch)..... 1 – 2 hours
Drying Time (traffic)..... 12 - 15 hours
Application Temperature.. Above 40 Degrees F
Dried film is USDA approved
VOC Content..... < 350 grams/liter

SPECIFICATIONS:

2500 LV meets or exceeds ASTM-C 309
Type 1, Class A, ASTM C 1315 Type 1,
Class B and AASHTO-M-148
Specifications for moisture retention
